Solutions for a Better Tomorrow

Endless Hot Water - At the Temperature You Need It, When You Need It!

Got steam and need reliable domestic hot water? If the answer is yes, then the RediHeat Instantaneous Water Heater is the right choice for you.

- Feed forward design that mitigates concerns of legionella from storage type units.
- No electrical or pneumatic connections are required.
- The most compact water heater available for operations in 30,60,90 and 120 GPM.
- Saves up to 40% in energy costs when compared to other domestic hot water sources.
