# AIR COMPRESSORS

**ELGI**  
Always Better.

- Reciprocating** Oil Flooded, Oil Free, Oil-Less Scroll, Climate Control
- Rotary Screw** Oil Flooded Single and Two Stage  
Oil Free Single and Two Stage
- Vacuum** Rotary Vane, Rotary Screw

**NFPA Compliant Medical Air and Vacuum Systems**

## AIR TREATMENT AND CONDENSATE MANAGEMENT

### REFRIGERATED

Cycling, Direct Expansion,  
High Inlet Temperature  
High Pressure

### DESICCANT

Heatless, Heated, Blower Purge,  
Heat of Compression, Membrane,  
Breathing Air Systems  
Modular and Twin Tower Configurations

### COMPRESSED AIR FILTRATION

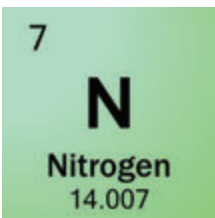

**Filters designed for removal of:**  
Bulk Liquids, Particulate, Oil,  
Hydrocarbon Vapors,  
and Medical/Sterile applications  
Designed to meet/exceed  
ISO 8573-1 air quality standards

### OIL WATER SEPARATORS

Treatment for the condensate  
produced by your compressed air system.  
Using the proper oil water separator  
allows for EPA compliance.

## NITROGEN GENERATION

### Generating Nitrogen In House is:

Cost Effective, Convenient, Consistent,  
Reliable, and Safe

Modular, Twin Tower, and  
Membrane Configurations

The typical ROI is less than 24 months

### Industries Served Include:

- Food & Beverage Packagers
- Breweries-Bottling and Keg Drying
- Chemical Blanketing
- Pharmaceutical
- Laser Cutting
- Wave Soldering

## COMPRESSED AIR PIPING SYSTEMS

All Metal, Superior Performance Aluminum Air Piping Systems with Nickel Plated Brass Fittings is leak-free, corrosion-proof, and backed by an industry-leading 10-year warranty.

**These piping systems are engineered for use with Compressed Air, Vacuum, Nitrogen, and all other inert gases.**  
Infinity™ piping sizes from 20mm (3/4") to 63 mm (2-1/2") Elevation™ piping sizes from 70mm (3") to 273mm (10")

**Collins Compressors can assist in system design and installation services**
