

Conval's Camseal® Ball Valves

**High Performance
Valves with the
lowest lifecycle cost.**

Imagine if you could
perform in-line renewal
in thirty minutes?

Conval's Camseal® Metal Seated Ball Valves provide zero body, seat, and stem seal leakage. The body/bonnet joint is not subject to pipeline stresses. **There is no in-line body bolting to loosen and fatigue.** Reliable, accurate ball alignment is achieved due to the robust engagement between the one-piece stem and the ball. The unique Camseal® replacement cartridge design makes it possible to perform **in-line renewal in about thirty minutes.**
